Located in a vibrant urban area, Temple is within walking distance to a variety of services and amenities. The renovation of Pearson McGonigle strengthens the connectivity of the neighborhood with the addition of a café, juice bar, fitness center, and a rock climbing wall.

**Sustainable Sites**

- **Located in a vibrant urban area**
- **Served by bus, subway and regional rail**

**Energy & Atmosphere**

- **Reflective roof**
- **Large roof**

**Materials & Resources**

- **Certified Green Building**
- **Regional Materials**
- **Recycled Content**

**Indoor Environmental Quality**

- **Low-emitting materials**
- **Lighting features**
- **Exercise equipment**

**Water Efficiency**

- **Low flow fixtures & rainwater pumping**
- **Public transportation access**
- **Bicycle storage and changing rooms**

**Development Density and Community Connectivity**

In 2012, 17% of the university’s greenhouse gas emissions were attributed to transportation. This project provided ample bike parking and shower facilities for bicycle commuters, thereby making it easier for the Temple community to bicycle to work or school.
