

# ENERGY RESOURCE TOOLKIT

## Energy Action Items

- I use natural light when possible.
- I used a power strip and turn it off when not in use.
- I keep windows closed when A/C or heating is on.
- Before I leave for more than a few hours, I unplug my appliances and electronics, close my windows, and turn off all lights.
- I use a drying rack to dry my laundry when possible.
- I have “door sweeps” on all doors leading directly outside.
- I set thermostats within energy guidelines if possible.
- I use the cold water setting on the washing machine.
- I take the stairs instead of the elevator if able.
- During the cold weather, I hope the blinds during the day and close them at night.
- I avoid letting the dryer run for the full time period and pull clothing out as it dries.
